Study at Ansbach

Information for prospective students

knowledge – competence – corporate responsibility

degree-programmes on offer

We welcome you to Ansbach University!

You are at the right place if you are interested in what a young and modern Bavarian University for Applied Sciences has on offer for you.

Our degree programmes in the areas of Business Sciences, Computer Sciences and Multimedia as well as Engineering Sciences and Biotechnology meet with great interest among students and companies.

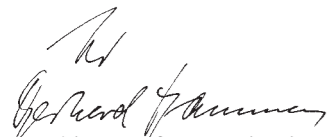

We make our students fit to face the future. It has been shown that our graduates make an above-average successful start into professional life.

Bright brains, busy hands and a modern infrastructure make sure that you feel at home on the campus of Ansbach University and can study successfully.

We encourage students to spend a semester abroad at one of our partner universities around the world. You are warmly invited to get to know us.

We look forward to meeting you.

President Prof. Dr. Gerhard Mammen

- International networking through university partnerships
- Intensive support in small groups
- above-average successful start into professional life
- Centrally located campus with hall of residence, library, computing centre, language centre and refectory

living in Ansbach

Situated in the heart of Europe, Ansbach has a colourful history spanning over 1250 years. The baroque castle, the orangery and St. Gumbertus Church dominate the historic townscape of the Markgraval town. It is known far beyond the region for its major cultural festivals including the Bach and Rococo festivals.

As it is close to the Franconian Lake District and the Frankenhoehe nature reserve, Ansbach has many recreational and leisure facilities on offer. Another reason that makes Ansbach so popular amongst students is the low costs of living.

We look forward to welcoming you!
